

do hereby state that as per CBSE Affiliation Bye-Laws, the facility for Ramp and toilet for the Children with Special Needs for all floors are to be provided. In this regard, I would like to mention here that there is a facility for Ramp and CWSN toilet for both boys and girls in ground floor. Since we do not have any specially challenged students for this Academic Year 2023 – 24, we have not provided any Ramp and CWSN toilets in the upper floors. As per the Affiliation Bye Laws we will ensure to construct Ramp and CWSN toilets on upper floors and we may require three to four months' time to complete the construction work.

thank you
